

WHAT GYMS AND LEISURE FACILITIES ARE DOING TO PROTECT THEIR STAFF AND YOU.

As part of the Fit Together campaign gyms and leisure facilities are committing to a minimum of six key measures in line with the Government regulations to operate during the Coronavirus pandemic.

A gym or leisure centre that has made this commitment will have a 'Approved Covid-19 Response' logo or sign within their facility.

Here is what you need to know gyms and leisure facilities are committing to ready for your arrival:

Avert the number of infected people visiting the facility

Staff or users who display or live with someone who displays symptoms of COVID-19 will NOT be permitted on site.

1

2

Prevent people 'carrying' the infection into or around the facility e.g. on hands

Hand washing/sanitising stations will be available throughout the facility and signage will encourage their use.

Limit the number of people within the facility – reducing the risk of transmission

The total number of attendees in the site will be limited within a specific space.

3

4

Social distancing – to reduce the risk of viral transmission through the air

Social distancing will occur throughout the site, this includes the separation of equipment and putting certain areas/items out of use.

Reduce the risk of viral transmission from surfaces and equipment

Rigorous cleaning will occur throughout the facility with particular focus on high-contact touch points.

5

6

Reduce the risk of transmission to vulnerable or high-risk staff and users

Working in accordance with Government regulations and advice, crucially committing that measures relating to COVID-19 will not discriminate against any customers or staff.

If at any time you feel a facility which is displaying the 'ukactive Approved Covid-19 Response' signage or logo is not upholding its commitment to these minimum standards, in the first instance please report this to the Duty Manager or General Manager of the facility. If this does not get effectively resolved, please request further support from ukactive, by contacting us as clientservices@ukactive.org.uk. Please provide the name of the facility, its address (including postcode), the nature of the violation and the activity you have taken directly with the facility to resolve the issue, including the facility's response.
